

SANPOLINO

Brunello di Montalcino

2017 DOCG

Vintage 2017

Wine typology DOCG

Grape Sangiovese

Vineyard altitude 300 m

Terroir Lush field on the slopes of Montalcino, with strong clay and marl elements. Good ventilation and sun exposure ensures optimal ripeness each year.

Weather Although the winter was particularly harsh, the vineyards did not suffer from any frost damage, and the spring started with cool temperatures and abundant precipitations. As summer drew closer, the temperatures rose above average values. Summer of 2017 was very hot and dry. Whilst the plants did suffer slightly, our high altitude ensured constant ventilation and the all-important fresh night temperatures. Rain finally arrived in September, allowing the grapes to ripen under near optimal conditions.

Fermentation spontaneous, on indigenous yeasts in tronic oak vats

Maceration 3 days at 12°C pre-fermentation, 30 days post-fermentation

Wood ageing 3 years 6 months in large Savonian oak barrels

Alcohol content 14,5°
